

Useful Moodle courses

Moodle Staff Area

This Moodle course is intended for **Moodle Teachers** centralises a range of useful information related to the use of Moodle, its management and the design of its courses.

There will be the occasional post **important announcements** in this area and you will in turn be sent an email notification. These will be kept to a minimum however in order to limit the generation of unnecessary emails.

It can be found on [Moodle](#), where you will be enrolled as a **Student**. The enrolment key is **lemon**.

Moodle Features Demo

This Moodle course is intended for Moodle users who would like to learn more about the features of Moodle, with a view to developing their current skills and practice.

Users will be able to view and interact with the exemplar activities below, though some of the functionality will be limited and read only.

It can be found on [Moodle](#), where you will be enrolled as a **Non Editing Teacher**. The enrolment key is **claverton**.
