

# HOWTO set up a conference call

So you want to talk to more than one person at a time? On a phone? Well...

1. Call one of the people as normal
2. Press the button with an arrow pointing at three heads (directly above the 2 button)

3. You will hear a dial tone. Dial the second person.
4. When they answer, hit the button again.

Bingo! You're all in the same conversation!
