

# Moodle Archive

Archive copies of Moodle are taken on or around the 31st July each year (for data retention purposes) and are available to staff and students on a read-only basis. These archives are intended to supplement local Departmental archiving process and are retained for seven years.

**Course permissions are based upon the memberships that existed at the point of archive creation.**

Available archives are located at: <http://moodle-archive.bath.ac.uk/>

Please note that the Moodle archives can only be accessed on campus or through the [University of Bath VPN](#).

The full Moodle [archive policy](#) is available via the [Moodle service blog](#) and any questions about this service can be directed to the [Technology Enhanced Learning Team](#).
