

Who's using Lens?

We have made the Lens Design System available to the wider university and beyond.

Our aim is to encourage a consistent design approach across all our web-based systems.

<http://www.bath.ac.uk/lens-design-system>

Looking for the Global Footer?

There is a separate page listing the implementations of the pre-Lens Global Footer [here](#).

Options for using Lens

1. Link directly to the live CSS at `/lens/css/bath/site/site.css`
2. Copy `site.css` and add bespoke rules as required
3. Create bespoke stylesheet(s) that 'mimics' Lens styling but is not actually linked to it
4. Edit the Sass and then compile a bespoke version of Lens

Who's currently using Lens?

What	Primary contact	How are they using the Lens styles?	Will it break if we update Lens?	Is it live?
bath.ac.uk	Dan Dineen / Tegan Male	Links to the live Lens	No	Yes
Funnelback	Dan Dineen / Tegan Male	Links to the live Lens	No	Yes
Moodle static update page	Hitteah Ahuja	Links to the live Lens	Possibly, depending on the HTML used	No - <i>3rd quarter 2018 (only for a few weeks)</i>
Alumni (NetCommunity)	Rachel Skerry	Compiled version of Lens css	No	No - <i>3rd quarter 2018</i>
Jobs.bath.ac.uk	hroperationsmanager@bath.ac.uk	Bespoke CSS 'mimicking' Lens	No	No - <i>3rd quarter 2018</i>
School of Management	Rayner Simpson	-	-	No - <i>4th quarter 2018</i>
Wiley (Online MSc)	Sophie Oldacres	Bespoke CSS 'mimicking' Lens Changes to the header and footer need to be communicated to Sophie. She will then pass that information on to Wiley.	No	No
Software delivery	Peter Lewis	They are using the Lens palette for certain software applications. If the palette is significantly updated we should inform Peter of the changes.	No	Yes
