

Third Party Resources

Please note that these resources were created outside of the University of Bath. They are aimed for those users enrolled as Teachers in Moodle courses.

Whilst a range of functionality described within them will be the same, or similar, it is quite possible that the look of their Moodle installation might be different. Should these resources lead to any queries, please contact the Technology Enhanced Learning team at e-learning@bath.ac.uk.

Moodle Docs

- Moodle Docs is maintained by the Moodle Foundation, in partnership with the user community. This encompasses a wide ranging and in-depth documentation.

Please note that this documentation is recommended for **Advanced Users only**. You should be aware that our current version is **Moodle 3.1**.

Bloomsbury Learning Environment

- A range of help guides and tutorials related to Moodle, and available to download as PDF.

Glyndwr University

This institution have published a number of blog posts on the following key areas of Moodle - these resources refer to an earlier version of Moodle than we are currently using:

- Resources: simplified menu and improved display options
- Managing blocks, including navigating the Navigation block
- Uploading files and Uploading multiple files and folders
- HTML/Text editor in Moodle 2
- Assignments in Moodle 2 and through Turnitin - includes screencasts
- Quiz, Question bank and Quiz Reports

University of Nottingham

- Moodle Help Wiki

York St. John University

- Several screencasts are available on areas such as uploading files, creating links to websites and setting up enrolment keys.
